

# Recitation 2

## GUI Application with FXML and MVC

---

1. Building a simple UI using MVC pattern, with FXML for view layout.

For a similar FXML/MVC example covered in class, see code in Sakai -> Resources -> Jan 26 -> f2cmvc\_project.zip (Eclipse project file),  
and explanation/commentary in Sakai -> Resources -> Jan 26 -> jan26-f2c-fxml.pdf.
